**2. Citations and explanations**

Document 1: JP 2000-335596 A

(Tadashi OGAWA), December 5, 2000 &amp; TW 490425 B

Because document 1 cited in the ISR describes the inventions relating to claims 1 and 3, these inventions do not appear to be novel or to involve an inventive step.

The inventions relating to claims 2 and 5 do not appear to involve an inventive step based on document 1 cited in the ISR. It would be easy for a person skilled in the art to appropriately dispose a reinforcing resin layer.

None of the documents cited in the ISR describes the inventions relating to claims 4 and 6, nor are these obvious to a person skilled in the art.
